Tulane University Hazing Policy

Hazing includes, but is not limited to, acts of servitude and/or behavior that humiliates, degrades, embarrasses, harasses or ridicules an individual, or otherwise is harmful or potentially harmful to an individual’s physical, emotional, or psychological well-being, as an actual or apparent condition for initial or continued affiliation with any group. A student or organization violates this standard regardless of either the lack of intent to cause harm or the hazed individual’s own willingness to participate. Unless affirmative steps were taken by the responding student or organization to prevent the hazing behavior, conduct charges may be brought against the group, officers of the group, and members of the group who are deemed to have encouraged, witnessed or knew about the behavior, in addition to any conduct action against persons who engaged in the hazing behavior itself.

Any student or organization found responsible for hazing that meets Louisiana statutory definition of hazing will, at a minimum, be suspended from the university, and may face imprisonment up to 5 years and/or fines up to $10,000. Hazing is defined by the state of Louisiana as follows:

Hazing means any intentional, knowing, or reckless act by a person acting alone or acting with others that is directed against another when both of the following apply:
(i) The person knew or should have known that such an act endangers the physical health or safety of the other person or causes severe emotional distress.
(ii) The act was associated with pledging, being initiated into, affiliating with, participating in, holding office in, or maintaining membership in any organization.

Consent is not a defense.

Hazing includes but is not limited to any of the following acts associated with pledging, being initiated into, affiliating with, participating in, holding office in, or maintaining membership in any organization:

(i) Physical brutality, such as whipping, beating, paddling, striking, branding, electric shocking, placing of a harmful substance on the body, or similar activity.
(ii) Physical activity, such as sleep deprivation, exposure to the elements, confinement in a small space, or calisthenics, that subjects the other person to an unreasonable risk of harm or that adversely affects the physical health or safety of the individual or causes severe emotional distress.
(iii) Activity involving consumption of food, liquid, or any other substance, including but not limited to an alcoholic beverage or drug, that subjects the individual to an unreasonable risk of harm or that adversely affects the physical health or safety of the individual or causes severe emotional distress.
(iv) Activity that induces, causes, or requires an individual to perform a duty or task that involves the commission of a crime or an act of hazing.
For purposes of this Policy, hazing shall not include a physical activity that is normal, customary, and necessary for a person's training and participation in an athletic, physical education, military training, or similar program sanctioned by the postsecondary education institution.

**Organization** is a fraternity, sorority, association, corporation, order, society, corps, cooperative, club, service group, social group, band, spirit group, athletic team, or similar group whose members are primarily students at, or former students of, a postsecondary education institution, including the national or parent organization of which any of the underlying entities provided for in this definition is a sanctioned or recognized member at the time of the hazing.

**Pledging** is any action or activity related to becoming a member of an organization, including recruitment and rushing.

**Appropriate authority** includes:
(i) Any state or local law enforcement agency.
(ii) A 911 Public Safety Answering Point as defined in Title 33 of the Louisiana Revised Statutes of 1950.
(iii) Emergency medical personnel.

**Reckless behavior** is an activity or behavior in which a reasonable person knew or reasonably should have known that the activity or behavior may result in injury to another, including but not limited to excessive consumption of alcohol, binge drinking, drag racing, consumption of any controlled dangerous substance, acts of hazing, or other similar activity.

**Serious bodily injury** is bodily injury that involves unconsciousness, extreme physical pain, or protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ, or mental faculty, death, or a substantial risk of death.

These definitions apply to any registered student organization. A student acting on behalf of an unrecognized organization may also face conduct action.

In accordance with Act 637 of 2018, codified at R.S. 14:502, this policy shall require any person at the scene of an emergency who knows that another person has suffered bodily injury caused by an act of hazing shall, to the extent that the person can do so without danger or peril to self or others, give reasonable assistance to the injured person.

Tulane University complies with any and all municipal, state and federal legislation, including the Louisiana hazing statutes. Reports of hazing will be turned over to local law enforcement, in compliance with applicable state laws.
